

A footlet (1) is provided with a heel portion (2) formed by knitting, a toe portion (6), and a middle portion (4) located between the heel portion (2) and the toe portion (6). The middle portion (4) comprises lateral sides that extend between the heel portion (2) and the toe portion (6) on either side. The heel portion (2) is provided with a knitted elastic band (16, 26, 36) forming an edge, which is provided with an anti-slip element (41, 51, 61) applied thereto on a side facing the toe portion (6). The anti-slip element (41, 51, 61) has been applied to the elastic band (16, 26, 36) after the knitting of at least the elastic band (16, 26, 36).
