

The invention relates to fungicide mixtures containing, as active components, a) an amide compound of formula (Ib), wherein R^4 and R^{11} have the meanings given in the description, and b) compounds of formula (II), the N-oxide thereof or one of the salts thereof, whereby the substituents R^{12} to R^{18} have the meanings given in the description; and/or c) compounds of formula (III), whereby the substituents X^1 to X^5 and R^{19} to R^{22} have the meanings given in the description. The active components are provided in a synergistically effective quantity.
